Fair European and Indian demand was responsible for the price for Spindling and Broomsticks, which were sold at 100 and 150 cents, respectively, on the 1st of April. Due to lack of European demand, the market for Calcutta for exported rice remained very sluggish on the month. The rice for Andam and Pegu and other regions was sold at 100 and 150 cents, respectively. The demand for rice was very sluggish on the month. The demand for rice was very sluggish on the month. Fisheries.—There were good runs towards the end of April and the outlook for the season does not seem greatly improved. *Anchoa* from the south were fairly steady throughout the month. *Merluccius* and *Merluccius* were the main fishes, but there was also a good demand for *Merluccius* and a moderate supply of *Merluccius*. Prices advanced steadily during the month and the *Merluccius* Tonnage closed at 200 per 100 lbs. as against 180 per 100 lbs. at the commencement of the month. *Merluccius* ranged from Rs. 12 to Rs. 16 basket.

Cumbacha.—The Colchichero and Salma districts received far more during the month resulting in a depressed outlook for the second crop. Arrivals from the interior were fairly steady throughout the month. North Indian mules were the main buyers, but there was also a fair demand from Manabita and a moderate quantity from Esmeraldas. The price of fair average Tungurahua Cumbacha advanced from about \$a. 800 at the beginning to about \$a. 912 towards the end of April. Salma Cumbacha was about \$a. 12 lower.
